

Equipment Standards

All Riders are responsible for ensuring any equipment used during any Wakeboard QLD sanctioned event is in a safe working condition.

It is the rider's or in the case of an under 18-year-old rider the parents responsibility to ensure that all binding fixings (screws) are tightened and checked prior to each ride.

Ropes and handles are to be inspected by the rider or parent. They are to be free of nicks, cuts, defects and to will withstand expected forces of competition use.

All competitors must wear a life vest.

It is the responsibility of each rider to ensure their life vest meets the following specifications:

1. It must float the rider.
2. It must be constructed so as to provide adequate protection from impact damage to the ribs and internal organs.
3. The vest must be compliant with relevant Australian Standards.
4. The vest must be in good repair
5. It must not be altered in any way
6. The vest must be of appropriate size for the rider's body weight and size

Please note: Helmets are not compulsory but encouraged especially for junior riders.

Wakeboard QLD will not be held liable for any injury or death as a result of the rider failing to comply with the above equipment standards.

Theft or Damage caused to any of the rider's equipment as a result of participating in any Wakeboard Qld event is at the riders risk.
